## ARLINGTON STOREFRONT IMPROVEMENT PROGRAM

An initiative by the Arlington Redevelopment Board to provide design assistance to private business owners for the purpose of storefront renovation and improvement

No-Cost Design Assistance: The Arlington Redevelopment Board will link interested business owners with an experienced architect to redesign the signs, lighting, window displays, and other architectural details of the storefront, restaurant or office. The architect's fees will be paid by the Town of Arlington through a Community Development Block Grant. The design assist funds are limited and available for a limited time.

Plan Approval: Since the architects chosen for this project are familiar with Arlington's zoning bylaw and design guidelines, the business owner will know that the architect's plan will meet local requirements for any applicable permits.

Financial Resources: A number of banks in the local area have expressed interest in making available small, below market-rate loans to participating business owners who need financing to implement their improvement plans.

Contact Information: If you are interested in participating in the Program or would like more information, please call David Berry, Assistant Director of the Department of Planning and Community Development for the Town of Arlington, at 781-316-3088.
