

## Chamber Testimonial

We're creating a testimonial page for the Chamber's website and it would be great to start off with a bang! On the testimonial page at [www.arlcc.org](http://www.arlcc.org) we will include your testimonial, your name, your company name (hyperlinked!) and your photo.

How has the Chamber helped you move your business forward? Here are some ideas. By: Making introductions? Promoting your business? Organizing events like eBiz? Organizing networking events? Celebrating your good news? Brainstorming ideas? Giving you good advice? Providing you with a great resource or some/all of the above or something we're not thinking of here? The more specific you can be the better. Thank you!
